## **Working Together to Make a Difference**

### **Call for Presentation Proposals- 28th Alzheimer Society of Nova Scotia Provincial Conference**

The Alzheimer Society of Nova Scotia invites you to submit a proposal for an engaging and impactful presentation - 60min plenary or concurrent session - for our upcoming annual provincial conference, to be held October 23–24, 2017, in Halifax, NS. The theme of the conference is “promoting collaboration” to better support people with dementia in living meaningful and engaged lives, and to foster attitudes and practices that promote independence, inclusion, and respect wherever people live.

This conference is an opportunity to engage and foster positive attitudes and practices with other health care providers from across the province and beyond.

- Do you have a case study, workshop, or presentation that can foster positive attitudes and/or practices?
- Can you suggest a guest speaker who can inspire positivity and collaboration in the workplace?
- Or... do you have a short (10 minute) example of a collaboration that you would like to share and celebrate?

We are looking for evidence-informed presentations that offer fresh perspectives along with practical tips, strategies, and tools that enhance care and support. Our goal is for conference attendees to leave motivated to better support people living with dementia.

We invite you to submit a presentation proposal for our annual conference by sending a proposal that includes the title, names, credentials, and affiliations of presenter(s) and an abstract (300 words or less) that outlines the key objectives of your presentation. Please send your submission to:

Email: [Linda.Bird@asns.ca](mailto:Linda.Bird@asns.ca); or mail to Alzheimer Society of Nova Scotia- Conference 2017  
112-2719 Gladstone Street, Halifax, NS B3K 4W6; or fax to 902-422-7971

The Conference Planning Committee reviews proposals and selection will be based on relevance to the theme and target audience. **Deadline for Submissions: Friday May 5, 2017.**

*Linda Bird*

Together we can make a difference, looking forward to a great conference!
