Support Services and Groups

Counselling and Consultation

Family and one-on-one dementia-specific counselling is provided to care partners and persons living with dementia. We provide education about the disease, coping techniques and therapeutic counselling for care partners. Our First Link[®] Care Navigators and Counsellors are go-to persons for families after a dementia diagnosis and can help with identifying needs, navigating services and assisting with care planning throughout the dementia journey. Our support staff are highly experienced in dementia care and offer expert knowledge and skills for both the care partner and person living with dementia.

Respite Reimbursement Program

Funds from our Respite Reimbursement Program will support care partners of persons living with dementia, who experience barriers in accessing programs and services at the Alzheimer Society of Durham Region (ASDR). Ask one of our support staff about accessing our respite program today. (Please note, ASDR itself does not provide in-home care.)

“The Friendly Place” — Young Onset Adult Day Program

For persons diagnosed with dementia prior to age 65, our Adult Day Program (ADP) provides opportunities to participate in social and recreational programming, including creative arts, exercise, music and games. Pre-screening required. Our ADP is being offered online and in-person. Please contact the program lead for space availability at 905-576-2567 ext. 5003.

MINT Memory Clinic Services

MINT Memory Clinics (previously Primary Care Collaborative Memory Clinics) help family doctors care for their patients by completing specialized memory assessments and plans for care. The mobile interprofessional team (MINT) based out of the Alzheimer Society of Durham Region consists of Social Workers, Occupational Therapists and Behavioural Supports Ontario (BSO) Nurses. This team works together with specially trained physicians to provide early diagnosis, treatment and support for daily challenges associated with memory concerns. Our team assists with the most challenging aspects of dementia care and works with the Alzheimer Society’s First Link[®] program to connect clients with the resources and supports they need.

Who should be referred for a MINT Memory Clinic assessment? Adults or older adults, not previously assessed by another memory clinic or service, who are experiencing symptoms of memory loss that may or may not be affecting daily functions.

Referrals for the Memory Clinic are accepted from primary-care providers and local GAIN teams. For information about the MINT Team, phone 905-576-2567 ext. 5235 or email spersaud@alzheimerdurham.com

Events and Fundraising

Donate in Memory and in Honour

Memorial donations to the Alzheimer Society of Durham Region (ASDR) are a significant way to pay tribute to a relative, friend or co-worker who has passed away. You are honouring a special life by helping us improve the quality of life of people living with Alzheimer’s disease and other dementias and their care partners.

You can also honour or remember your loved one as part of a celebration gift. You can commemorate any special occasion, including birthdays, anniversaries, graduations, retirements or weddings with a gift to the ASDR. Please contact us directly and we’ll customize a package for you.

Donate in memory or honour or contact us for more information:
